2021 MOURVÈDRE SONOMA VALLEY, SONOMA COUNTY

Enticing aromas of dried cherry, red currant, bramble and roasted game meat. The 2021 Mourvèdre has a lovely medium-bodied palate with a juicy texture and long finish.

Production Notes

50% of these grapes were destemmed to stainless steel tank and fermented on the skins along with 50% whole cluster inclusion for 14 days. This wine was racked only once after alcoholic fermentation, and aged in 100% neutral barrels for 18 months before bottling.

Sonoma Valley, Sonoma County

The Sonoma Valley American Viticultural Area lies on the western slopes of the

Mayacamas mountain range in southeastern Sonoma County. The valley runs north and south and benefits from cool air flows from the San Pablo Bay that chill grapes down during the warm growing season.
